NTCA BUSINESS SOLUTIONS + Personal Attention

Confidential Personal Portfolio of Nanci Davis – Not to Be Used for Any Other Purpose

I'm Here to Help.

Greetings NTCA member,

Our commitment to provide our members with exceptional service is a top priority for NTCA–The Rural Broadband Association. One way we're showing you that commitment is by expanding our member relations staff so we have more resources in the field.

As your member relations manager, I'm available to provide personalized consultations on employee benefits packages. In addition to offering my consulting services at no cost to your company, I'm ready to share my knowledge about the full suite of NTCA Business Solutions available to you as part of your NTCA membership.

At NTCA, we believe in *"Every Member, Every Time"* service. Whether your questions are simple or complex, I'm here to assist you, your board and your employees. Contact me at your convenience to start a conversation about your company's unique needs and how NTCA can help. Thank you for your membership.

Sincerely,

Laurie Simpson
Member Relations Manager
